Service Projects:

1) Past Service Projects Conducted

The Club has been working on following projects:

a) HPV vaccination to the underprivileged girls

Our Club delivered a women health HPV vaccination project from 2014 to 2016. Our contribution to women's health was recognized by the government's Labour and Welfare Bureau. Our HPV vaccination project, delivered in collaboration with the Hong Kong Women Doctors' Association, the Hong Kong SKH Welfare Council and drug firm MSD had benefited hundreds of young women.

b) "Love Connection"

We launched an 18-month project from April 2016 April named "Love Connection" to help teenage girls in handling relationship and emotional issues with boys. In collaboration with the Hong Kong SKH Welfare Council, our funded programs serve to impart positive attitudes and values to teenage girls facing with relationship problems and sexual demands, and in the longer term, serve to lessen incidences of teenage pregnancy and life-long emotional/psychological damage.

2) Current Services Projects

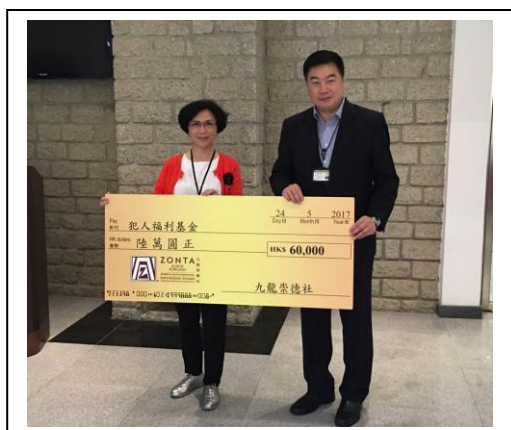

a) Hong Kong Cancer Fund for Breast Cancer Survivors

The Club donated funding to the Hong Kong Cancer Fund in March 2017. The charitable donation, designated to the 'Keep Moving' Project, is to assist breast cancer patients in achieving body and mind wellbeing. From April - July 2017, they would receive in-depth education through workshops and physical exercise to minimize the adverse side effects of the disease and treatment e.g. fatigue, upper lymphoedema, hot flushes, night sweats, anxiety, depression, etc. We are doing a research of splitting the selected patients into 2 groups. One group will do exercise at the gym and another group will do exercise at home. The research will be conducted by the Active Health Clinic, Institute of Human Performance of the University of Hong Kong which will contribute to the professional aspects and the assessment of the quality of life and health conditions of the participants at the end of the project.

b) Mindfulness Centre for drug addicted inmates

The Club donated funding to the Correctional Services Department of the HKSAR Government to build a Mindfulness Centre in Nei Kwu Correctional Institution for the drug addicted inmates at the Hei Ling Chau Island Prison.

Advocacy Projects:

1) Continued Advocacy Projects

a) Launch of our 1 AM Apps Project

We collaborated with the Association Concerning Sexual Violence Against Women (“ACSVAW”). The 1AM App is a mobile application that can be freely downloaded for both iPhone and Android. It was launched in March 2016 and is intended as an ongoing project. Through this app, women can key-in details of their support group to seek help. Through GPS, the App can show location of nearby hospitals and police stations for seeking urgent assistance. Fake calls and loud buzzer can also be set up to attract attention. There is also survival information for victims, including reporting to Police, medical and judicial procedures. This App is actively promoted in secondary schools and tertiary educational institutions by ACSVAW which our Club is supporting.
